I agree. Elena, can you forward Ron the conference line? Thanks.

You might want to include Ron Curry given that it is flowing to NM and his Gov is concerned.

Good morning Stan. My plane to Durango will just be taking off at that time. I've added Joan who would be able to call in and give you the latest from our side.

OK, we have proved that I am not awake yet. Shawn Garvin, I am sure you are glad this is not your issue (though there may be lessons to be learned from Region 3 spills!). But I was not trying to loop you into this one.

And for Shaun McGrath, this should not be one where you should feel compelled to call in—you have enough to do! I just want to be sure we are all aligned back here to support you.

Subject: Update on Colorado spill

Mathy, I would like to meet at 10:00 in my office for a general update on the Colorado spill. I am not looking to get involved in operations! My objectives are 1) to ensure that we are providing all assistance we can to Region 8; and 2) that we have a communications strategy in place. Others welcome to join as they are available.

Thanks.
